TWENTY-NINTH YEAR NO. 27

CEDARVILLE, OHIO, FRIDAY, JUNE 29, 1906.

PRICE \$1.00 A YEAR.

DEATH OF MRS. FRANTZ.

Mrs. Lueda A. Frantz died of the
illness of her son, Mr. I. H. Frantz,
Thursday, after an illness of about
eight months, the last six weeks of
which she was bed fast. She suffered
from bright disease and uraemic
poisoning.

The deceased was born in Clark
county and was about 72 years of
age. Her maiden name was Lueda
A. Morris, being married to Mr.
Daniel O. Frantz January 1st 1850.
She was deprived of her husband
by his death in January 1901.

To them were born two sons, I. H.
and George W., both of whom live
here and are well known.
Mrs. Frantz was a member of the
Christian church in Springfield and
it is expected that the services will
be conducted by her pastor, Rev.
Baker, Sabbath afternoon from her
home, at 2 o'clock, standard
time. Burial at Massena Creek.

CARD OF THANKS.

Mr. and Mrs. M. B. Badger wishes
to return thanks to the friends for
their kindness during the illness
and death of their son, James M.
Badger.

MIAMI CHATAUQUA.

The program for the Miami Valley
Chatauquian Assembly of 1906, which
opens July 20th and closes August
6th, will be fully up to the high
standard which has marked the
past programs. In the past, Man-
ager Grouner has been working dili-
gently on his 1000 program ever since
last season and the result of his
labor is a splendid list of talent.
Among the leaders are Senator J. P.
Dolliver, Dr. Frank Dixon, Prof. F.
G. Holden, the corn specialist, Rev.
Sam Jones, Dr. Russell H. Conwell,
Rev. Alexander Torrey and Innes
Band.

For tents, programs or further
information address F. Giltum Cro-
mer, 2314 N. Main street, Dayton Ohio.

CROUSE BLOCK
Cedarville, Ohio.

ESCAPED FROM FALLING WALLS.

Word has been received from
the narrow escape that Mr. James
E. Mitchell had some days ago in
the building in which he is working
in Pittsburg.

The building contains several
stories and on top was a huge water
tank to supply the tenants. By con-
stant leaking the timbers and walls
became rotten allowing the tank to
crash into the building. The water
cut its way down through the differ-
ent floors and burst out the rear end
of the building.

Mr. Mitchell had his headquarters
on the second floor and had just
left the room a second or two be-
fore the crash came. There were a
number of lady clerks at work at
the time, and all of them were
carried out the rear of the building
with the falling of walls and rush
of water. Most of them sustained
bruises and broken limbs.

A large safe came through from
the third floor striking the chair at
Mr. Sam. Petty's desk. Had he
been in his office at the time where
he is usually found at his desk, he
probably would have lost his life.

Mr. Petty is known here having
married Miss Lizzie Wylie. Mr.
Petty's loss on his stock of wall
paper will be several thousand
dollars.

UNION SERVICE.

A union service in the interests of
Christian patriotism will be held in
the R. F. church, Sabbath evening,
at 7:30 o'clock. The program is as
follows:—A Memorial, John M.
Pattison, The Man and the Citizen,
Rev. H. C. Middleton, D. D., "God
in our National History," Rev. O.
H. Milligan, "What the Nation
Owes the Church," Rev. Sanderson.
All are cordially invited to attend.

BOYS MEET ACCIDENTS.

Latest reports from the local boys
near Terra Haute, Ind., who are
with Bill Brown, the famous con-
tractors, are that some of them are
laid up for repairs. Begg had a
finger nail torn off. Shaw sprained
his back and Randall got run over
with a wagon. The rest of the boys
are all right and having a good
time.

Mr. Walter Illif reports that it
will be near snow time before they
get the contract completed. The
Pennsylvania railroad company is
making a new road for several
miles to eliminate the grade cross-
ings and a heavy curve and also
shortening the distance. There are
large abutment walls and overhead
bridges all being constructed out of
cement.

Mr. Wm. Conley sold ten head of
his herd of Guernsey cattle to a
party near Youngstown, the ship-
ment being made last Monday.
Mr. Conley was credited with hav-
ing an extra good herd of cattle
and the sale evidently bears out
this fact.

Sickles for any machine at Wol-
ford's.

It is stated that the trustees of
Antioch college are looking for a
new president for that institution
and expect to induce Prof. Fess,
formerly of Ohio University at Ada
and latter of Chicago University to
take the place. At present, Prof.
Fess is editor of a church paper.
A report has also gone out that
Andrew Carnegie will give Antioch
\$100,000 if the school is made non-
sectarian.

STRICKEN FROM HEART TROUBLE.

Mr. W. W. Nagley suffered a stroke
of heart trouble about six o'clock
Wednesday evening that resulted in
his death a few minutes after.
Something had gone wrong at the
stable with one of the horses and
Mr. Nagley cut the halter strap to
let the horse up, it having gotten
down. He also took the horse by
the head and assisted it to its feet,
something that required consider-
able strength.

As he was subject to heart trouble
it is supposed that the over exertion
brought on the attack. He re-
marked that he was about as sick
as the horse and in attempting to
sit down in the stable door fell
forwards.

He was carried forward to meet
him and Dr. J. O. Stewart was
called but it was too late death came
without a struggle.

The deceased was born December
30, 1838 in Clark County and has
lived here for several years. He
was married to Miss Tamar Seale,
March 7, 1860, but was relieved of his
company in life December 20,
1892. To this union was born seven
children, Mrs. Theodore Bennett,
South Charleston, Frank Nagley,
Xenia, Oscar, Miss Zella, Moody C.
Harry and Clark of this place.

Mr. Nagley was a member of
Company D, 14th O. V. I. and a
member of the Pleasant Grove Bap-
tist church.

The funeral service was held this
morning from the late home and
burial at Pleasant Grove cemetery.
Dr. H. C. Middleton had charge of
the services at the house and the
G. A. R. at the cemetery.

SUMMER SCHOOL.

The Board of Trustees of the Ohio
State University at a meeting on
June 19th, authorized the establish-
ment of a Ten Weeks' Course in
Agriculture, to be given in the winter
of 1907.

The course is to begin on January
2nd and to close on March 15th.

Students will be admitted without
examination and must be at least
16 years of age.

The subjects that will be taught
in the course will be: Breeds of Live
Stock and Stock Judging; Breeding
and Feeding of Live Stock; Crop
Production and Grain Judging; Soil
Fertility; Farm Equipment; Dairy-
ing; Farm Management; and Horti-
cultural.

In addition to this work there will
be special lectures by leading agri-
culturalists on subjects of interest to
agricultural students.

It is hoped that such a course will
appeal to the farm boy who can
only spend the winter months in an
agricultural college.

The announcement of this course,
now in preparation, will be ready
for distribution in the near future,
and will be furnished on application
to the Dean of the Agricultural Col-
lege, Columbus, Ohio.

The farmers are all busy this
week getting ready to harvest their
wheat. Some have already started
and flud the wheat in excellent
condition.

One of the large sheds for straw
at the paper mill has been raised
and is now being finished. It is 125
feet long and 75 feet wide and is the
largest thing of the kind in this
section of the state. The second
shed has not been framed yet but
will be put up as soon as the timber
arrives.

The Rev. David Steele, for forty-
five years pastor of the Fourth Re-
formed Presbyterian Church, 19th and
Gathering sts., died at his home,
2102 Spring Garden st., last night.
He had been ill a week but his four
score years counted against him.
Death was due to pneumonia.

The funeral will be held from his
church Tuesday afternoon at 2 o'-
clock the Rev. Dr. Robert Hunter,
pastor of the Union Tabernacle Pres-
byterian Church, Front and York
sts., a life-long friend, officiating.
Several other clergymen have been
invited to assist, including the Rev.
Dr. W. H. Roberts, of the Alliance
of Reformed Churches; the Rev. Dr.
Henry C. McCook, representing the
Presbyterian Historical Society, and
the Rev. Dr. John H. Kendall, re-
presenting the Reformed Presbyterian
Churches.

The honorary pall-bearers will be
chosen from amongst the clergy and
leading lay members of the church.
The interment will be made in West
Laurel Hill Cemetery.

The Rev. David Steele, D. D., LL.
D., was born near Londonderry, Ire-
land in 1827. He was the son of
James Steele and Eleanor Fulton,
related to the inventor Fulton. He
came to this country in 1853 and
studied with a favorite uncle, the
Rev. Dr. David Steele in Ohio and
graduated from Miami University,
Oxford, Ohio, in 1857. While in Ireland,
Ambassador to Great Britain, was
an intimate friend of his and was
in the same college but not the same
class.

Dr. Steele received his degree of
M. A. in 1859, and the degree of
Doctor of Divinity from Rutgers
College in 1860. LL. D. was given
him by Miami University in 1900.
He was ordained to the ministry
June 6, 1861 and since then has been
the pastor of the Fourth Reformed
Presbyterian Church.

He was prominent in his denomina-
tion as professor in the Theological
Seminary of the Reformed Presby-
terian Church, in Philadelphia, 1863
to 1870, and as professor of Hebrew,
Greek and pastoral Theology and
later president of the seminary. He
was also president of the Board of
Foreign Missions with the warmest
interest for the people of India,
where the mission is located. He
was Moderator of the General Synod
of the Reformed Presbyterian Church
from 1893 to 1898 and many times
delegate to the councils of the
Alliance of Reformed Churches.

Dr. Steele was always interested
in the subject of church unity and
for the last four years especially
active in the movement for the union
of his own and other churches in the
General Assembly of the Presbyter-
ian Church. He warmly endorsed
a plan for the union of his own de-
nomination with the General Assem-
bly, which was discussed in 1904
and 1905.

He has published a number of
monographs and sermons on Biblical
and historical subjects and from 1867
to 1877 edited the "Reform Presby-
terian Advocate," a magazine pub-
lished in the interests of the denomi-
nation. He was a member of the
Presbyterian Historical Society, the
Scottish-Irish Society, the Archaeo-
logical Society of the University of
Pennsylvania, the American Sab-
bath Association, the American Sun-
day-school Union and the Philadel-
phia Law and Order Society.

Dr. Steele is survived by a widow,
Mrs. Elizabeth D. Steele, nee Dallas;
a son, the Rev. James Dallas Steele,
Ph. D., pastor of the First Presby-
terian Church of Passaic, N. J., and
a daughter, Miss Martha Eleanor
Steele. —Philadelphia Bulletin.

DEATH OF LULU M. OWENS.

Miss Lulu M. Owens died at the home of her mother, Mrs. Elizabeth Owens, Tuesday morning after an illness of several months with tuber culosis.

The deceased was the daughter of the late John H. and Elizabeth Owens and was about 32 years of age. She taught school for two years but had to give up this work owing to declining health. Beside the mother one sister, Mrs. I. C. Davis remains to mourn the loss.

The funeral services were held from the residence Thursday afternoon, being conducted by her pastor, Rev. O. H. Milligan, Dr. H. C. Middleton and Prof. W. R. McChesney assisted.

Burial took place at the cemetery north of town, the following constituting pall-bearers: James Harper, Leon Spahr, D. L. Crawford, Robert Townsley, Montrose Townsley, Leroy Spahr.

A quartet consisting of Mrs. W. H. Barber, Miss Dora Siegler, D. L. Crawford and L. G. Ball furnished the music. There were many beautiful floral offerings.

REUNION OF COMPANY D.

The annual reunion of Co. D, 44th O. V. I. was held at the home of Mr. W. J. Smith, Thursday. About twenty-five of the members of the company were present, beside a number of invited friends.

President McLean of the company association made a few remarks to fellow members as did Mr. Brinton Baker and Mr. Josiah Baker, both of Dayton. An article was read relating to the life, death and burial of Hon. Frank E. Moore, late mayor of Omaha, who was a member of the company and who attended the reunion here two years ago.

At noon dinner was served on the lawn to the guests. The dinners at this reunion are always a feature of the day and the ladies having this work in charge won deserved credit.

The reunion of the same company will be held at the home of Mr. Smith next year.

FIRE WORKS of every description, at Bird's.

Dr. Shrouff and wife of Leesburg, O., called on Dr. H. C. Middleton Friday. They drove over from Jamestown where they attended the Epworth League convention.

Smith and Clemens on Tuesday purchased the old Stewart business block of Goldman, Beckman & Co., Cincinnati, for \$825. The new owners expect to rent the property.

Mrs. Martin McGlellan and Mr. and Mrs. C. C. Welmer entertained to dinner Sabbath, Mr. G. H. Smith and family, Mrs. John Hagle and daughter Louise, of Springfield, Mr. Welmer of Pemberville, O., and Misses Stella and Jessie Zeigler of Springfield.

MEAT EXPORTS

Statistics Show an Enormous Increase During Past Ten Years.

Washington, June 21.—Exports of meats and meat products from the United States in 11 months of the fiscal year 1906 ended with May aggregated over \$180,000,000 in value, according to a report issued by the department of commerce and labor. These figures, says the report, show a larger exportation of meats and meat products than in the corresponding period of any other year in the history of the export trade, and an increase practically 60 per cent when compared with the corresponding period of 1896. Exports of canned beef and of bacon show but little increase during the last decade. The report says Great Britain is by far the largest purchaser of meat products from the United States.

Poultry Dealer Murdered.

Sidney, O., June 21.—Andrew Dobbins, a well known poultry dealer of Jackson Center, was found dead in his poultry slaughter house with a bullet hole through his body. A revolver with two empty chambers was found lying on the floor about 15 feet from Dobbins' body and an empty money bag was also found on the floor. This, with the fact that a rag peddler was seen to leave the poultry house leads to the belief that Dobbins was murdered.

Oklahoma Jubilee.

Oklahoma City, O. T., June 21.—A "new state" celebration was held here and proved to be the greatest demonstration of public sentiment ever manifested in Oklahoma. Excursion trains were heavily loaded with enthusiastic people, among them almost every prominent man of the new state. Governor Hoch of Kansas delivered the principal address in a park where the exercises were held.

Wages Restored.

Fall River, Mass., June 21.—The cotton manufacturers of this city have granted the operatives a 14 per cent increase in wages. About 25,000 hands are benefited. The new scale, which will take effect July 2, is practically the same as that prevailing previous to July 1, 1904. This change is expected ultimately to affect all cotton mill workers in this section.

NEWS NOTES FROM TEXAS.

Editor Herald.

Having just received a letter from Mr. J. E. Lutz of Vernon, Texas, in which he gives a very encouraging report, and at his request, I quote from the letter as follows: He says that he attended the Nurserymen's Convention at Dallas, and reports a big time. There were a few fruit exhibits of this year, but he says that he missed it by not taking some Wilbarger County Apricots, as there was nothing present that could compare with what he put up in Alcohol for exhibition purposes. Mrs. Lutz canned very near two bushels of Apricots, of the large kind, which are simply fine during the winter. Hosays that they have ripe peaches, but they are a short crop this year, but they have a big crop of Apples, Apricots, Plums, Cherries and Grapes; also Blackberries, Dewberries and Raspberries were a great crop this year.

I wish that you could come down on the excursion the 20th, of this month, and see our wheat crop. It will be the largest crop you ever saw. Try and get some of Greene County skeptics to come and I will take them out into the middle of 50,000 acres of wheat, and the wheat runs into the horizon any way that you look. We will be doing cutting by next week. We will have 2,000,000 bushels of wheat and 2,500,000 bushels of oats. Just a small crop for a droughty, sand-hill country, (this is what has been said by some who have been there and then too, the wise-ones of this country still say this about Texas). We have a good crop, so you see that we are far ahead of a country like Greene County, where it rains a plenty, at least so they say, especially by those who are running this country down. Since I wrote you last, it began raining on the following Wednesday evening, and rained every evening till Saturday night, and in that time ten inches of rain fell.

On Friday night there was six inches of rain, and in four hours, D. S. Collins who is now a Texan, told me that it put him in mind of the 12th, of May in Xenia, when several persons lost their lives. These hard rains did but little damage to the growing crops, but washed out the railroad track, and wrecked a passenger train east of Vernon, and killed the engineer and wounded 25 persons, some seriously. The above are quotations from Mr. Lutz's letter to me and may be of some interest to some of this Greene County friends. Texas is sure to become a great State, or in fact she now is, and will be the place for those who can not get a home in this grand old Buckeye State, (so called at least).

In a previous letter dated June 2nd, Mr. Lutz says that the water-melons and cantaloupes are setting well, and promise a great crop. There are only 2000 acres of them this year, in the vicinity of Vernon. In the same letter he says send on your doubting Thomases and let them take a look at the Vernon country at this time, and see what can be grown to perfection in Texas. It will cost them nothing to be shown around over the surrounding country, and then let them say what they think of the sand-hill country, where they can grow nothing, but Rattle-snakes and Prairie Dogs. He also said that they could use at least 1000 laborers, at good wages. The Cantaloupe and Water melon growers pay \$1.50 to \$1.75 per day for seven men or boys. Harvest hands are getting \$2.00 per day and board. The Oil Mill and Cotton Compress about 20 men at \$1.50 to \$1.75 per day for seven or eight months out of the year. Any one wanting to take an outing, or a vacation for several weeks go to Texas, in melon time and make your expenses while there, and at the same time see the country, and what it produces.

Mr. Lutz says they have only had three hot days so far this summer, and the hottest one was only 102 in the shade, comparing with our 96 in the shade, as it is really no hotter there at 102 to 104, than our 96 to 98 in the shade, from the fact that they have a constant breeze from off the Gulf of Mexico. He also says that Vernon is growing

rapidly, and that there are many new residences being erected this season. There is a goodly number of new business blocks or buildings being put up also, material used in these buildings is brick. This not only indicates that Vernon is gradually improving, but it also indicates that the surrounding country is being developed. When the surrounding country is improving and farmers are in a prosperous condition, the city will improve also as a natural result, because the country must be developed in order that the city may be supported. The farmer is really the fellow that booms the city, as the provisions must come from the farm. With the gradual growth of the city and surrounding country, I can say that that section of Texas is a good place to locate, and the time to do it is right at this time, while farming lands can be bought at a reasonable figure.

Young men, middle-aged men, and even old men, go to Texas, where you can breathe the rich balmy air, filled with "Ozone", and become hale and hearty, and enjoy life a few years longer than by staying in this changeable climate.

Very truly,
I. H. Frantz.

Campville, David

Ninety years ago was the year without a summer. Not many of our citizens remember it, but history says that in 1816 frost occurred every month in the year. Ice formed a half inch thick in May. Snow fell to the depth of three inches in New York and Massachusetts in June. Ice formed the thickness of window panes. The corn crop was so badly injured by the frost that none of it was matured. The greater part of it was out and dried for fodder. Seed corn for the spring of 1817 was from the top of 1815.—Ex.

REGIMENTAL REUNIONS AND FORTY-THIRD ANNIVERSARY BATTLE-CHICKAMAUGA, CHATTANOOGA, SEPTEMBER 18-20, 1906.

On September 18, 1906, will occur the 43d anniversary of the Battle of Chickamauga. It is proposed to celebrate this memorable event with a reunion of the various regiments that participated in this memorable battle and the various battles fought around Chattanooga. This reunion will be held at Chickamauga National Park, September 18, 19 and 20, and the present indications are that it will be the largest and most notable gathering ever held in the South. On the above dates, the remnants from the armies of 12 states, comprising the following: Pennsylvania, Ohio, Michigan, Indiana, Illinois, Wisconsin, Minnesota, Iowa, Nebraska, Missouri, Kansas, and Kentucky, will assemble, many for the first and last time since they unrolled from its blood-stained fields, forty-three years ago.

Here is one of the great opportunities for the education of the youth. Don't fail to take your children and show them historical Chattanooga, with all its historical connections. It is the opportunity of a lifetime. Go and see the old war generals and other officers point out the places of interest on the battlefield; let them show you and explain, in person the markers erected on the battlefield showing the positions of the opposing armies at the time of battle. It will not be long until none will be left to do this noble work.

It will be many years, if ever again, that such an opportunity will present itself. See that your tickets read via the Louisville & Nashville R. R., the Battlefield Route. Call on your nearest railroad agent for rates and advertising matter pertaining to the reunion or write nearest representative of the Louisville & Nashville R. R.

TO WHOM IT MAY CONCERN.

For several years prominent people in this city have been carrying special accident policies in conjunction with a complete system of registration with the American Registry Co., of Washington D. C. It is the most reliable policy on the market today, and the small premium of \$5.00 a year will pay you \$15.00 a week for accidents you are liable to meet with at any time not fatal. It pays a death benefit of \$1,000 on loss of both eyes \$1,000; loss of both feet or hands on one hand and one foot, a \$1,000; loss of one foot or one hand, \$500.00 and for loss of one eye \$100.00.

Mr. M. G. Nagley, prominently known here, met with an accident, very peculiar in itself. He was driving home from Springfield on the evening of March 30th when something blew into his eye and disabled him for a short time.

The following will prove what can be done by purchasing a policy of this kind.
To Whom It May Concern:—
This is to certify that I held a policy with the American Registry Co., for the past year and can say that I am perfectly satisfied in the way this company has treated me in the accident that befell me on March 30th. As we all know that far away insurance is at times to be questioned but I can feel sure in recommending this company to anyone who would care to purchase in the future. Certainly consider myself well paid for my policy in this one thing.
Yours Respectfully
Moody G. Nagley

THE LAND OF BREAD AND BUTTER

South Dakota is Long on Wealth and Short on People. Today it presents the best opportunities in America for those who want to get ahead on the Highway to Independence. More than 47,000,000 bushels of corn, more than 47,000,000 of wheat, live stock to the value of \$41,000,000, hay to the value of \$12,000,000, and products of the mines above \$12,000,000, were some of the returns from South Dakota for 1905. With a population of only 460,000, and the annual production of new wealth above \$166,000,000, it can be readily understood why South Dakota people are prosperous and happy. The outlook for 1906 crops is the best. South Dakota has never known.

Why don't you go there and investigate the openings along the new lines of this railway for yourself?
From Chicago, and from many other points in Illinois, Minnesota, Iowa and Missouri, direct service to South Dakota is offered via the
